India, as a country, includes individuals with different backgrounds viz., cultural, social, economic, linguistic, and ethnic diversities governed and guided by the Constitution irrespective of caste, religion, race sex, etc.

To provide students with the knowledge, skills, and values required for maintaining a balance between a livelihood and a fulfilling personal life, we must first create a learning environment that is efficient, encouraging, safe, accessible, and reasonably priced. These ideas are ingrained in the community of college student's value system.

The students are motivated by taking part in various activities that important person host on culture, customs, values, obligations, and responsibilities. The institute engaged students in awareness campaigns about issues like the prohibition of plastics, cleanliness, Swachh Bharat, etc.

The college makes decisions based on its guiding principles. Everyone must abide by the conduct standards in the code of conduct that has been prepared for both students and staff.

As a first step toward instilling constitutional obligations among the students, the affiliating University's curriculum is designed with required courses including Professional ethics and human values, the Indian Constitution, and the Essence of Indian Traditional Knowledge.

The major initiative in recent years:

- NCC Unit has been established
- To support the students, a separate NSS unit was established, and it is effectively carrying out community service projects.
- Cloth Donation Drive for Slum Development and up-gradation process at Dhoolkot and nearby area.
